Proof of state unemployment registration (SUI) for Deel

What is SUI/SUTA?

Employers must register with each state where they have employees and pay state-specific SUI taxes based on wages and experience ratings.

Why Deel needs proof of your SUI/SUTA rate

When your company onboards with Deel PEO, there may be some action required on your part to ensure tax accounts are registered for, or closed, in order to file and pay payroll taxes and to avoid receiving tax notices from various agencies.

Acceptable forms of proof

1. A screenshot/PDF showing state account IDs & tax rate
2. Proof of SUI/SUTA such as the SUI rate notice, a quarterly filing, or a report from your current payroll/peo provider
3. Screenshots of SUI rate notice from applicable state agency websites
4. Screenshots of the Deel US Registration page showing completed registrations

Did you know?

Some states are PEO reporting states for SUI, some states are client reporting states, and others are hybrid reporting states. See state list on pages 4-6. **Deel only needs proof of SUI for Client Reporting States.**

- **PEO Reporting States**
 - Deel acts as the Employer of Record for SUI tax in PEO-Reporting states. We will manage the filing process under our EIN and SUI account number.
- **Client Reporting States**
 - Employers are mandated to file SUI tax using an unemployment account linked directly to their Employer Identification Number (EIN). Deel will manage the filing process on your behalf.
- **Hybrid Reporting States**
 - PEOs will file and pay tax returns and liabilities under a client account assigned by the agency linked to the PEO.
